

Ecological Restoration-field staff-casual

Te Ngahere Ltd specialises in the restoration of NZ's native bush environment by controlling animal pests and invasive plants in the upper North Island. Our field roles are based on the control of invasive plants using manual methods and the careful application of herbicide.

We are looking for casual staff to join our teams based in Avondale, Auckland.

Working conditions can be challenging at times due to weather and terrain, and therefore a good level of fitness is required.

Whilst no specific experience is required, it is important that you have a passion for the environment and for the ecological restoration of native bush.

Applicants must have:

- Good level of fitness
- Desire to work outdoors, to work hard, and to be accepting of all weather conditions and terrain
- Full driving licence (NZ class 1)
- NZ Citizen or NZ Permanent Resident status or valid NZ work permit
- A passion for the natural environment and its protection
- Positive can-do attitude and the ability to work well in a team
- Ability to work away from home during the working week

Beneficial:

- Experience in similar roles
- Knowledge of invasive plants and their effective control
- Knowledge of plants native to NZ
- Current First Aid, Growsafe and other relevant qualifications in environmental management

The starting wage for field worker roles is \$16.50 per hour, however we would also welcome applications from those with experience in this area of work and with a leadership background.

To apply we require a covering letter, CV and a completed application form
